TECHNICAL SPECIFICATIONS

1. PREAMBLE

1.1 The Technical Specifications contained herein shall be read in conjunction with the other Bidding Documents.

1.1.1 General

The Technical Specifications covering the materials and the workmanship aspects as well as method of measurements and payments are included in this section. These specifications cover the items of civil and non-civil works coming under scope of this document. All work shall be carried out in conformity with the same. These specifications are not intended to cover the minute details. The works shall be executed in accordance with good practices followed for achieving high standards of workmanship, thus ensuring safety and durability of the construction.

1.1.2 Inclusive Documents

The provisions of General Conditions of Contract and Particular Conditions of Contract, those specified elsewhere in the bidding document, as well as execution drawings and notes, or other specifications issued in writing by the Engineer shall form part of the technical specifications of this contract.

1.1.3 Measurement and Payment

The methods of measurement and payment shall be as described under various items and in the Bill of Quantities. Where specific definitions are not given, the methods described in Bureau of Indian Standards (BIS) Code will be followed. Should there be any detail of construction or materials which has not been referred to in the Specification or in the Bill of Quantities and Drawings but the necessity for which may be implied or inferred there from, or which is usual or essential to the completion of the work in the trades, the same shall be deemed to be included in the rates and prices entered by the contractor in the Bill of Quantities.

1.1.4 The information given hereunder and provided elsewhere in these documents is given in good faith by the Employer but the Contractor shall satisfy himself regarding all aspects of site conditions and no claim will be entertained on the plea that the information supplied by the Employer is erroneous or insufficient.

2. GENERAL REQUIREMENTS

The Technical Specification, in accordance with which the entire work described hereinafter shall be constructed and completed by the Contractor, shall comprise the following:

2.1 PART-I- General Specifications

The General Specification shall be the "SPECIFICATIONS FOR ROAD AND BRIDGE WORKS (FOURTH REVISION) Aug 2001" reprinted in March 2007 along with other Addendum/Corrigendum issued up to 28 days before the final date of submission of the bid, issued by the Ministry of Road Transport and Highways, Government of India and published by the Indian Roads Congress (IRC).

2.2 PART-II – Supplementary Specifications

The Supplementary Specifications shall comprise various amendments/modifications/additions/additional conditions to the “SPECIFICATIONS FOR ROAD AND BRIDGE WORKS” referred to in PART-I above and also additional specifications for particular item of works not already covered in PART-I.

A particular clause or a part thereof in “SPECIFICATIONS FOR ROAD AND BRIDGE WORKS” referred in PART-I above, where amended/modified/added upon in PART-II , such amendment/modification/addition shall supersede the relevant clause or part of the clause.

When an amended/modified/added clause supersedes a clause or part thereof in the said Specifications, then any reference to the superseded Clause shall be deemed to refer to the amended/modified/added clause or part thereof.

In so far as an amended/modified/added clause may come in conflict or be inconsistent with any of the provisions of the General Specifications, the amended/modified/added clause shall always prevail.

2.3 Part – III Other Documents

In the absence of any definite provisions on any particular issue in the aforesaid Specifications, reference shall be made to the latest codes and specifications of IRC and BIS in that order. Where even these are silent, the construction and completion of the works shall conform to sound engineering practice as approved by the Engineer and in case of any dispute arising out of the interpretation of the above, the decision of the Engineer shall be final and binding on the Contractor.

SECTION 6

FORM OF BID
